

Circular Education & Engagement Members Seminar

Knowledge and understanding of the circular economy is critical if Scotland is to become more circular and address our impact on the planet and climate change.

This Circular Communities Scotland event is looking to bring together Scottish circular economy education practitioners and aims to:

- Share current examples of circular education work happening in Scotland.
- Examine where circular education and engagement sits within the Circular Economy Bill and Waste Route Map process.
- Discuss what is needed to do more circular education and engagement work, identify gaps & opportunities and what the next steps in this process could be.

Thurs 3rd October 2024 10:00 to 12:30

Venue: Golden Lion Hotel, 8-10 King Street, Stirling, FK8 1DQ
